From the Top of the Rock Pile

By

Lee Adams – President

I can't believe it's time to get the APRIL newsletter in, where have the days gone? Would you believe its field trip time again and we have one trip coming up to the House Ranch in Three Rivers again? The rancher has plowed another field for us and will plant it after we have gone. This ranch is noted for nice petrified wood including palm, you can also find jasper and very nice colorful flint/chert.

Gail Smith called the other day and wants me to dispose of some of Wendell's tools, rocks and equipment. I told Gail I would try to get what I could for them. I have brought them to my house and have been sorting, fixing and setting up for

a small sale. Please call me for an appointment (830-796-8890) to check out what is here. The big item is a 14-inch slab saw also two 4- & 6-inch trim saws, and a polisher with several buffs. There are some real nice rocks (very unusual) both slabbing and cabbing size.

The main thing needed to do at April's meeting is to get serious about forming a committee and finding a show chairman.

Joke for the month:

An Idaho potato farmer hired Ole to grade his crop. All you have to do is put the small ones in this bin and the large ones in that bin. After a half hour, Ole went looking for the farmer and told him he was quitting. "But why" asked the farmer? "Its not hard work and the pay is good." Ole replied "yah dat's right the verk is easy but I can't stand the stress of making all those decisions."

Field Trips

The Geological Society of San Antonio is hosting a House Ranch Field Trip on March 30th. Most of the Fredericksburg Rockhounds that would attend now have dual membership. The House Ranch has recently plowed a new field. Larry Tillick will meet at the intersection of HWY 72 and Jeff Street at 9:00AM. Jeff Street is about 8 (7.9) miles West of Three Rivers on HWY 72. Choke Canyon Lodge is also located there. Don't bother those at the lodge. You will see a gathering of vehicles and that would be us. The cost is \$25.00 for the rancher and \$1.00 for Larry's club. Betty will collect the money and Larry will collect the signatures of liability releases. They will then proceed to the ranch. Petrified wood is the item you will be looking for.

Claude Townsend, 210-855-8959, ctownsend99@twc.com (<mailto:ctownsend99@twc.com>) has some spots for those interested in a field trip to the 4M Ranch in Sonora, Texas, April 5-6-7. Call or e-mail Claude if you are interested.

Thanks to Glenn Thompson for compiling 50 years of the Fredericksburg Rockhounds officers. A folder containing those names was provided to the club historian to be kept with the club's records.

Sara brings the history book to every meeting, we hope you will stop by and look through it.

Future Meeting Programs

April 1: Linn & Beth Brady — Many Texans have been to Big Bend National Park (BBNP), but most have NOT been to Big Bend Ranch State Park (BBRSP) just next door and it is a treasure. This program will be an introduction to the park, hopefully to whet the appetite for the members of the club for a great adventure. BBRSP is located just West of BBNP. It is 2/3 the size of the NP, has 238 miles of multiuse trails, an airstrip, 70 miles of unmaintained dirt roads for off-road vehicles, camping at primitive, solitary drive-in and hike-in sites and lodging in a bunkhouse, waterfalls and access to the Rio Grande River. The scenery and geology are enough to blow the mind away for rockhounds and for folks who just like to get away from in all.

May 6: Jim Gedeon — Will provide the presentation: “Precambrian Geology of the Hill Country,” or Fredericksburg before traffic.

June 3: No Program — It’s Picnic Time!! At Ladybird Johnson Park at 5:00 PM. Please bring a dish to share. We will eat at 6:00. You are encouraged to bring rocks, fossils, etc. to sell, trade or just show and tell.

July 1: Sara Verstuyft — A presentation about “Unusual Dinosaurs.”

August 5: Lynn Post — Lynn will provide some of the history of silversmithing, tools used, different types of silver work and where to get some of the materials. He will show the process of making something that will then be available on the door prize table.

April's Birthstone & Flowers

The April birthstone is the **diamond**; the flowers are the **daisy** and the **sweet pea**.

<i>Diamond</i>	<i>Daisy</i>	<i>Sweet Pea</i>
----------------	--------------	------------------

Although once thought to bring courage, the diamonds are now viewed as a symbols of love. They are the center piece of many jewelry sets, most notably engagement rings. It is the hardest mineral on the planet and because of this has many industrial uses.

Generally, diamonds are colorless with a high sparkle, but they can be found in varying tints and hues. Perhaps the most famous diamond of all, the blue Hope Diamond, is one such example.

Daisies connote innocence and purity while paradoxically “holding secrets” among friends.

Sweet peas signify blissful pleasure though they can also be used to bid farewell.
