From the Top of the Rock Pile

By

Lee Adams — President

From the last meeting you'll remember that I asked for a committee to find a show chairman or find a group of folks to do the job — thanks to those volunteers that stepped up.

I have since thought of three additional options:

1. Hire a professional chairman and pay that person.
2. If you are a member and want to be a show vendor you will be given a job related to setting up

the show.

3. Cancel the show all together, due to lack of interest.

The last option is not very appealing but may be necessary.

If anyone has a new solution other than those listed above please contact me as soon as possible because the decision must be made by the July meeting and remember there is no June meeting, so May and July are decision months.

I have been told and agree that I would not make a good coordination leader or show chairman because I live too far from the venue. The job almost requires someone from Fredericksburg or Kerrville.

Andy & Karen Anderson

— A Biography —

Andy and I were both born in Hondo, Texas a few years apart. Andy's grandparents lived across the street from me, and he used to come over and lift the big rocks, so I could catch the lizards underneath! Any guy who would do that is worth marrying!

And, after we grew up, he did ask me to marry him! We were married in Hondo, Texas and a couple days after went to live in West Covina, California. Andy was attending college and working there, so I was whisked away to sunny California where he graduated college from Cal Poly. We enjoyed living there and spent many times taking family and visitors to Disneyland, Knotts Berry Farm, going to the mountains to get some fresh air since it was so smoggy below, San Francisco and traveled to many other sights. After Andy graduated, we moved back to San Antonio. Several years later, we had one son, Jeff, who still lives in San Antonio.

We eventually moved to Kerrville, Texas. Often asked how I became interested in rocks, I tell them that when I was a small child, I used to pick up a rock, cover it with a rag and hit it with a hammer. Once it was broken, there was a vein of glittery "stuff" inside which thrilled me enough to go grab other rocks to see what was inside it! I was never disappointed. I attended my first Fredericksburg Gem and Mineral Show in 1995 and that did it! We joined the club in 1995.

From 2014-2015 and from 2016-2017 I served as Program Chairperson bringing 4 years of programs to our club, and Andy served as President from 2016-2017. (Andy's not a rockhound and he tells everyone he goes for the food!)

Our hobbies include Andy restoring his four antique Corvairs, as well as collecting three Miatas. Karen's hobbies include cross stitch, collecting antiques, driving my own Miata and, of course, collecting geodes, minerals, fossils and other pretty rocks. I also have a business called "Everlasting Rocks" where I wire wrap cabs and am also a vendor in the Fredericksburg Gem and Mineral Show.

May Program and Field Trip Idea

Hi, folks! Hope I'm back from FT. Worth long enough to plan something different.

Since our program for this month is Jim Gedeon speaking on the Precambrian Geology of the Hill Country, maybe we should take a day and visit the big stromatolite in Mason County (must be viewed at a distance from a county road) and look through a big pile of rocks at the confluence of the Llano and James Rivers. We can set a date at the next meeting.

Fredericksburg Rockhounds Self-Guided Roadside Geology

All roadside geology sites are proposed by Fredericksburg Rockhounds members.

If you know of a site in your area send the information to leeapeman93@yahoo.com (<mailto:leeapeman93@yahoo.com>) along with the exact location of the roadside geology, your name and contact number and a picture or description of the rock/mineral/fossil at that location.

All rock hunters do so at their own risk—The Fredericksburg Rockhounds are not responsible for any injury to your person or property.

Remember this is roadside geology NOT private property geology—DO NOT TRESPASS ONTO PRIVATE PROPERTY.

Frank Rough and Patty Felts own the Enchanted Rocks & Jewelry shop at 805 Berry Street in Llano, TX. Their store is open 10am to 6pm Tuesday through Saturday phone # 325-247-4137.

Frank and Patty own a gold claim on the Llano river and are willing to share it with anyone. Patty advised there are also other types of rock to be found on their claim especially after the river flooded last year.

Stop by their store to get a map and directions to their claim.

A great place to eat while in Llano is Cooper's BBQ.

Fredericksburg Rockhounds Meeting Minutes

— April 1st, 2019 —

Lee Adams opened the 7:00 PM meeting with the Pledge of Allegiance.

Our thoughts are with club members that have health problems and we hope they recover soon.

Program:

Thank you, Linn and Beth Brady for the Big Bend Ranch State Park presentation.

Historian Sara Verstuyft:

Sara brings the history book to every meeting; we hope you will stop by and look through it.

Old Business:

No old business.

New Business:

Lee discussed the recent rock hunt at the House Ranch near Three Rivers. The rock hunt was sponsored by the Geological Society of San Antonio. Jesse Martinez brought some of the rocks he and Alicia found on the hunt.

The annual audit of the club funds will be conducted by volunteers Tom Carswell and Lynn Post.

Lee asked for volunteers and a few came forward to form a committee to find a show chairman or look for volunteers who would serve on a show committee (in place of an individual show chairman).

Membership Committee:

Virginia Adian provided a new membership list, those who did not pay dues were dropped. This list is important because the Fredericksburg Rockhounds pay the Federation for insurance based on the total number of current members at the time the insurance is paid. If the membership list is incorrect the club could pay more for insurance.

The Membership Committee needs a volunteer, see Brenda Smith or Virginia Adian to sign up. Please make sure your Membership dues are paid.

Miscellaneous:

Wendell Smith's equipment is at Lee Adams for sale.

The club offers discount lessons in wire wrapping and cutting/polishing rocks. A sign-up sheet to take or teach lessons will be passed around at the meeting or see Virginia Adian for wire wrap lessons of Lee Adams for lessons on how to cut/polish rocks.

Fredericksburg Rockhounds now have a Facebook page. Our editor is Sue Burkhart. Sue asked that you find the page and "LIKE" it and "SHARE" it with your friends.

May's Birthstone & Flowers

The May birthstone is the **emerald**; the flowers are the **lily of the valley** and the **hawthorn plant**.

Emerald

Lily of the Valley

Hawthorn Plant

Today, the emerald is associated with wisdom, patience, and growth though traditionally it signified love, fertility, and rebirth.

Emeralds are deep, rich green and many people associate the color with the vibrant technicolor of The Emerald City in the 1939 classic *The Wizard of Oz*.

Lilies of the Valley stand for humility, sweetness, and a return to happiness.

Hawthorn Plants are all about supreme happiness and hope.
