PREZ SAYS

SEPTEMBER 2022

I have started sending out dealer contracts for floor spaces and will be working on the outdoor spaces and stage booths next. We will have an executive meeting before the start of the regular meeting to discuss layout changes for this year's show. Last year we had several booth changes due to covid. Lets hope we don't have that problem again. Below you will find information you can use to send to any event listing you find on the internet or local paper. We are looking for free listings. I hope to see a good group at the Sept. meeting. Till then stay well and pray for more rain.

September Birthstone & Flowers

The September birthstone is the **sapphire**; the flowers are the **aster** and the **morning glory**.

Sapphire

Aster

Morning Glory

Sapphires are a form of corundum and generally come in many shades of blue that run the gamut from light to dark. Sapphire was once believed to ward off evil and protect against poison.

Asters bloom in the late summer and early autumn and need little care to flourish. They are symbolic of powerful love.

A symbol of affection, morning glories live up to their name: they open their blooms in the early part of their day and then close them later in the afternoon.

FREDERICKSBURG ROCKHOUNDS MEETING MINUTES

August 1, 2022

Frank Roswell called the meeting to order at 7:00 p.m. Andy Anderson led us in the Pledge of Allegiance to the flag of the United States of America. Then Frank told a joke. Lee Adams shared a joke too. Marcos Mar of Fredericksburg was recognized as a visitor.

Karen Anderson introduced the program, a video from Russel Zuhl Company – the most famous petrified wood dealer in the world. The video featured Ralph Thompson showing amazingly large pieces petrified wood that were finely finished and polished. Some were round, some were rectangular, and others had irregular shapes. A sequoia trunk 65 inches in diameter was shown early in the program. A longitudinal rectangle 95 inches by 60 inches and a round cut 78 inches in diameter suitable for table tops were featured. Mr. Thompson pointed out the rich reds and blues of Arizona petrified wood. His love and enthusiasm for his work in finishing these pieces made this program especially inspiring. These pieces of petrified wood are found in museums as well as private homes.
