August Birthstone & Flowers

The August birthstone is the **peridot**; the flowers are the **gladiolus** and the **poppy**.

Peridot

Gladiolus

Poppy

The peridot is a symbol of strength. It is light green in color and as such is sometimes called the evening emerald. It can be found in the volcanic lava of Hawaii as well as in meteorites.

The largest peridot found to date weighs in at 319 carats and is on display in the Smithsonian Institution in Washington, DC.

The gladiolus, also known as the sword lily, stands for remembrance and calm.

Poppies come in different colors and have various meanings. Red poppies are for pleasure; white for consolation; and yellow for wishes of wealth and success.

New Business

would appreciate assistance from members for several items that need to be completed. These are as follows:

1. Contracts go out in August and need to be returned by Sept 30.

Upcoming events:

On Aug 3 there will be a noisy auction in Austin at the AGMS club house. This is a great event where you can find minerals and some equipment for sale.

Lee Adams reminded the members that he still had some rocks at his place that were from a donation to the club. Members were encouraged to contact Lee Adams to see the rocks and if some were of interest, donate to the club and contact Treasure Jackie Chude to receive the money for the rocks to deposit into the club account.

MEETING: June 3

The June meeting was the annual picnic held at the pavilion in Lady bird Johnson Park near the airport. The club provided the meat (beef and sausage); club members commented the meat provided was too fatty and we should consider a different source. Contact Steve for additional information.

The recent field trip to a gravel pit was attended by 18 people. The owner was Brian Alexander. Members found specimens of epidote, tourmaline and amphibole schist/hornblende. The name of the contact for the site was ZD Sand & Gravel in Voca Texas.

Future field trips could be a trip to NC in October after it cools down.

On June 8.

A trip to Lake hills near Pipe Creek area to view rocks and equipment for sale. 4 people attended. There are still rocks for sale. See Steve for a phone number to contact the owner if desired.
