PREZ SAYS

NOVEMBER 2024

Greetings and salutations fellow Rockhounds! I hope you're all doing well and enjoying the beautiful fall weather. The former being a true statement and the latter clearly being sarcastic. Having recently visited my daughter in Vermont, I can tell you that fall is actually in full swing in the New England area. Too bad we don't get to experience those lovely temps and gorgeous foliage. However, at least we know that it will be cool by the time our annual gem and mineral show is going on in January! Speaking of which, please take the time to volunteer for a shift or two (or more!) during the show. We'll have a sign up sheet during the next three meetings. Without your support we simply can't make this super successful event happen.

PREZ SAYS CONT.

NOVEMBER 2024

I'd like to thank Lee for running the show last month. You're a good man... even if you were a sailor. Seriously though, thank you and all of my fellow brothers and sisters in arms as we celebrate Veterans Day.

Greg Zimmerman will give us details at this month's meeting about the upcoming dig he's arranged for the club on 17 November. We hope to see y'all at the meeting and at the dig! Take care and be blessed.

- Joe Edstrom

PAST PREZ SAYS

At this months meeting we have elections, Vice President and Treasurer. Jackie has accepted the nomination for treasurer. If you would like to be nominated for Vice Prez. bring it up at this months meeting. We will hold a vote at the November meeting. We will also have sign up sheets for stage and outdoor space. We also need to fill the display showcases on the front of the stage. Anyone having items for the raffle and silent auction please bring them. Not much time left before the show. See you at the meeting.

- Frank Rowell,
Past President

HOUSTON RANCH FIELD TRIP

I have put together a trip for members out to a ranch in northern Llano county. The area is in the Llanite zone. We will have access to the Little Llano River that cuts the precambrian and the ordovician periods. Let me know if you have any questions. Thank you.

- Greg Zimmerman

November Birthstone & Flowers

The November birthstone is the **topaz**; the flower is the **chrysanthemum**.

Topaz

Chrysanthemum

Topaz is the mineral fluoro-hydroxy silicate and is the hardest of all known silicate minerals. Topaz itself is colorless but impurities within can turn it into almost any color. Yellow or amber is most often associated with topaz. Interestingly, even though blue topaz is rare to find naturally (most for sale have been treated to get the color) it is Imperial topaz (reddish orange with pink undertones) that is the most valuable.

The lone flower for the month of November is the chrysanthemum. It is a perennial and comes in a variety of colors. After they finish blooming in autumn, they can be mulched with straw to protect them from inclement weather.

A move to adjourn the meeting was made by Sara and seconded by Judy Adams. The meeting was adjourned, and everyone went home.
