PREZ SAYS

APRIL 2025

Greetings and salutations fellow Rockhounds! Spring has officially sprung and we started it with a wonderful rockhound trip a few weeks ago. We had a total of 17 attend, including 3 new members and 3 junior rockhounds! The first part of the day was spent near Baby Head Cemetery to collect Llanite. For many members this was their first time collecting this very rare material. Young Eli (see attached pic below) spent almost an hour digging out a massive piece of Llanite! From there Frank took us to Living Stone, which is a granite supply company in Llano. The owner has a free scrap pile in front containing smaller pieces from various projects. These make great additions to outdoor projects so feel free to stop by and check it out. We then finished our rockhounding day by going to the Ash Street entrance to the Llano River. Members found various pieces of quartz, granite, schist, feldspar, and chert. It was a great day of rockhounding and fellowship!

The next opportunity to rockhound as a club will be the make-up trip to the Houston Ranch on April 6th. Club members should meet at 9am in front of Greg's rock shop on the square in Llano. As per usual, ensure you bring proper clothing/footwear, plenty of water, various digging tools, sunscreen, snacks, etc. We hope you can make it out there!

God bless,

- Joe Edstrom, President

Membership Dues

If you have not paid your dues this year, please mail a check to Fredericksburg Rockhounds, 412 S. Adams St., Fredericksburg, TX 78624 or bring your money to the next meeting - \$8 for individuals or \$15 for a family. Don't miss out on the monthly newsletter and activities!

Show Results

I'm sure EVERYONE is waiting for these results. After putting in so much effort, it's nice to know how well we did. So here it is:

Income:

Vendors \$5,175

April Birthstone & Flower

The April birthstone is the **diamond**; the flowers are the **daisy** and the **sweet pea**.

Diamond

Daisy

Sweet Pea

Although once thought to bring courage, the diamonds are now viewed as a symbols of love. They are the center piece of many jewelry sets, most notably engagement rings. It is the hardest mineral on the planet and because of this has many industrial uses.

Generally, diamonds are colorless with a high sparkle, but they can be found in varying tints and hues. Perhaps the most famous diamond of all, the blue Hope Diamond, is one such example.

Daisies connote innocence and purity while paradoxically “holding secrets” among friends.

Sweet peas signify blissful pleasure though they can also be used to bid farewell.

The meeting was called to order at 7:03 P.M. by President Joe Edstrom. The new members present were Regina Fell from Ingrahm. There were 39 members present at the meeting.

Minutes of the last meeting were approved with an addition of the mineral in the road cut in Colorado that was told by Bruce Watts was identified as Amazonite.

The program was a report from Blane on his trip to Tucson where he showed pictures of the many shows he attended.

Door prizes were drawn while refreshments were open for grazing.

The members were invited to get refreshments while door prizes were being drawn.

OLD BUSINESS:

The club mascot was out for viewing at the meeting. It's a piece of "Boulder Opal" from Australia.

Field Trips:

Toward the end of May-June 1 we are invited to attend a field trip by Ron Carmon from the Austin club(AGMS) to Oklahoma to dig hourglass Gypsum crystals. More information to come later.

The AGMS is also planning a trip to Arkansas to dig Quartz about mid-September.

There was an interest for a trip this month to the Llano River. Meet at the rock shop at 9am (3/15/25).

If anyone wants to attend the annual event to stack rocks on the last weekend in March in Llano. No admission fees.
