August Birthstone & Flowers

The August birthstone is the **peridot**; the flowers are the **gladiolus** and the **poppy**.

Peridot

Gladiolus

Poppy

The peridot is a symbol of strength. It is light green in color and as such is sometimes called the evening emerald. It can be found in the volcanic lava of Hawaii as well as in meteorites.

The largest peridot found to date weighs in at 319 carats and is on display in the Smithsonian Institution in Washington, DC.

The gladiolus, also known as the sword lily, stands for remembrance and calm.

Poppies come in different colors and have various meanings. Red poppies are for pleasure; white for consolation; and yellow for wishes of wealth and success.
