October Birthstone & Flowers

The October birthstone is the **opal**; the flowers are the **marigold** and the **cosmos**.

Opal

Marigold

Cosmos

The word opal is rooted in both Latin (opalus — "precious jewel") and Greek (opallios — "to see a change in color"). The term opallios is an apt description as opals tend to reflect a vast array of colors depending on the source of light.

Marigolds are symbols of contentment and warmth. They can grow anywhere from six inches in height to over five feet depending on the variety.

Cosmos, the other October flower, stands for order, peace, and serenity. They are annuals that are a good choice for your garden if you want to attract birds, bees, and butterflies.
